12:50	14:00	Lunch / poster competition	
Session 3: Workshops Venue: See below			
14:00	15:30	A. Saving lives at birth: Innovations to prevent maternal death This workshop will present 10 recent innovations that aim to prevent maternal deaths. Participants will discuss what innovations work and why, how patents work, and how to apply for funding to take ideas forward (Venue: Spencer Room)	Prof Andrew Weeks, Professor of International Maternal Health and Director of the Sanyu Research Unit, University of Liverpool
		B. Saving lives at birth: Innovations to prevent neonatal deaths This workshop will present innovations that aim to prevent newborn deaths. Participants will discuss what innovations work and why, how patents work, and how to apply for funding to take ideas forward (Venue: Lindsay Room)	Ida Neuman, Programme Manager, Laerdal Global Health (for Prof Joy Lawn, MARCH Centre, LSHTM)
		C. Saving lives at birth: Innovations to prevent stillbirth In this workshop we will discuss the global impact of stillbirth. We will discuss evidence based interventions that prevent stillbirth and reduce the psychological morbidity associated with the death of a baby. Participants will split into small groups to discuss which interventions could be implemented in their area, identify possible areas for further research and what the barriers and facilitators are likely to be (Venue: Griffiths Room)	Dr Tracey Mills, Lecturer in Midwifery and Dr Alex Heazell, Clinical Senior Lecturer in Obstetrics, University of Manchester
		D. Saving lives through volunteering The aim of this workshop is to: provide an introduction to working in the humanitarian sector; showcase the work of UK-Med and to provide an introduction to the WHO EMT programme (Venue: Cavendish Room)	Dr Brigid Hayden, Dr Benjamin Black and Dr Elaine Kirk, UK-Med / Humanitarian and Conflict Response Institute, University of Manchester
		E. Innovations in educational games The aim of this workshop is to inform participants on how to develop and evaluate educational games for maternal and newborn health. This will be a fun workshop, where you will have the opportunity to play several games. (Venue: CP Scott Room)	Prof Dame Tina Lavender, University of Manchester; and Dr Gaynor Maclean, International Consultant: Maternal and Newborn Health
Session 4: Closing Comments and Prof Antony Costello Keynote Venue: Main Hall (Flowers Room)			
15:35	15:40	Chair	Prof Wendy Graham, Professor of Obstetric Epidemiology, London School of Hygiene and Tropical Medicine
15:40	16:15	Keynote 3: UN Sustainable Development Goals: Mobilising Women's, Children's and Adolescent's Health	Prof Anthony Costello, Director of Maternal, Newborn, Child and Adolescent Health, World Health Organisation
16:15	16:45	Discussion	
16:45	16:55	Closing comments from the hosts and announcement of poster competition winner	Prof Dame Tina Lavender and Dr Rebecca Smyth, Senior Lecturer in Midwifery, University of Manchester
16:55	17:00	End of meeting; notice for GLOW 2018	Prof Wendy Graham, Professor of Obstetric Epidemiology, London School of Hygiene and Tropical Medicine
17:00		Refreshments
